**PRESENTING THE 4 PART EBOOK SYSTEM THAT IS BEING
CALLED THE ABSOLUTE "BIBLE"**

**GUIDING, AND PROTECTING, YOU
THROUGH EVERY PART OF THIS SCARY PROCESS**

This is a complete 4 part system designed for anyone having small to large building work done, even if you don't have any knowledge of the building industry, or the building process... and it will help you to have a good, safe, building relationship with your builder.

**THIS IS THE ONLY COMPLETE SYSTEM AVAILABLE, DEDICATED
SOLELY TO HELPING YOU THE CUSTOMER.**

This complete system comes to you in four parts.

Part 1 - Building Relationships

Part 1 contains easy to read details on.... planning permission - architect drawings - the right builder - the right quote – insurance - the building contract - builder references - questions about the builder - meeting the builder - payment methods – extras - hidden extras - on site facilities - discount for cash - builder's secrets - and so much more.

Part 2 - What is this CDL system, what will it do for me?

Once you receive planning permission for your extension, you must be aware that there are many: items – products - important details - and other work... **to be aware of, that are not included in the Architect drawings.**

All of this information seriously needs to be considered, and itemized in detail, before you request a quote from your builder.

If you do not consider this, or take the time to list this information, your costs and expenses will greatly increase, because of missed items, lack of information, and extras, once the work has started.

The CDL system, is the best solution, and has been specially designed for this reason. Once your simple, 4 step, CDL system has been completed your attention to detail will pay many rewards. Your attention to detail will also **attract** reputable builders and **discourage** those who will not like your attention to detail. Attention to detail will save you serious money. Missed items, info, and extras, will cost you money. You'll be amazed how simple the CDL system is to complete, and it's large benefits to you.

Part 3 - Security

For your peace of mind and security, the CDL system integrates with a purposely designed client builder contract that covers the whole of the build. From start to completion, including payment methods, such as stage payments, etc.

The CDL system has been designed, while keeping in mind, the advice available from, D.T.I., Trading Standards, and Consumer Direct.

Part 4 - The extension photo diary

In this part you get the opportunity to actually see an extension being built, step-by-step, photo by photo, before starting yours. The extension photo diary has

over 50 actual colour photographs

taken during the construction of an extension from day one to completion. Each photo is described and list details of materials used during construction.

Whether you are having a small or large extension built, the extension photo diary is an ideal visual companion to have to refer to, and to match the steps, as your extension is taking shape.
