**“ aah haa ”

“Why didn’t I read this book before, we probably would never have broken up in the first place?”

You Still Love Your Ex...
But All He Says Is
“It’s Not You, It’s Me”

I know things are not so easy for you. **You don’t understand your ex’s behavior** or the things he says right now. You’re super confused and need a solution.

Look, let’s face it... none of the advice you’re getting from your friends is working, is it? And you know it’s not so simple to “just get over the break up” like everyone tells you to.

The Pain of Not Being With Him
Is Just Too Much

- Well, hang on to your seat because there is now a revolutionary system you can use to make sure that your ex wants to be with you again... **even if it was a bad break up.**
- Imagine if you could make it so wonderful to be with you that a man would do anything – even kneel down and ask you to marry him – to make sure he could keep you by his side.
- The system you’re about to discover has been thoroughly field-tested, so I can promise you it will work for you. It’s **based on innate and uncontrollable instincts in your ex**, which is why this plan is the closest thing to foolproof you’ll ever find in this world.

The Secrets of Getting Your Boyfriend Back,
No Matter How Bad Things Look Right Now...
Even if He’s Met Another Woman!

- It doesn’t even matter if he’s met someone else.
- It doesn’t matter if the other woman is beautiful.

- It doesn't matter how smart she is, how fantastic her figure is, or how slender her body is.

This program will win your man back every time.

Let me tell you what happened with one woman named Anna... who came to me for relationship consulting... to help her get her boyfriend back, and stop all her pain.

"Please help me John, we were together for 3 years and this is extremely urgent" she said, barely able to not cry as she told me the story. She loved him and did not want everything to end.

We worked step by step on the system to excite any man's automatic attraction triggers. I set out everything for Anna in an easy-to-follow step-by-step recipe.

Only one week after I started working with her... Anna's ex sent her a text message telling her that he missed her. Anna called him back and they set a date for two days later.

- **It didn't matter that during the break up he'd said he was "not ready for a relationship" and "not ready to commit"...**
- **It didn't matter that he'd led her on about being "friends"...**
- **It didn't matter that he'd started a rebound relationship.**

When she triggered the psychological hot buttons, one by one, that awaken a man's irresistible attraction, Anna's ex couldn't help but come crawling back to her.

You'll Be Amazed When You See How Well This Method Works

Won't it be nice when your ex realizes what he's lost and comes crawling back to you?

How happy will you be when he falls endlessly in love with you again?

How much of a difference will it make in your life when your guy cherishes you and constantly tells you how hot and sexy he thinks you are? (Not only is everything back to normal, but **your relationship is better than it was before!**)

I'd like you to imagine for a second that your ex-boyfriend calls you. He says, "Sorry about what's been happening lately. I think about you night and day and want you back."

Testimonials From Our Satisfied Customers What People Are Saying...

It only took a week...

I just want to thank you. Your method has changed my life. I was depressed and wasn't really sure it would work for me. On top of that, I am always reluctant to buy things from the Internet. But it only took a week, just like you said! Now my bf is back with me, just as you advertised.

Amanda M., Arizona USA

My relationship had been over for quite some time, so I knew it would be a stretch to see if your instructions could help me. I got your course and immediately read it cover to cover. After two and a half weeks I was back with my boyfriend. I was shocked to see how well it worked!
I can tell you that if it can work for me, it can work for anybody!

– Sofia, New York, NY USA

“My boyfriend had been seeing me less and less. It was pretty clear he was pulling away from me. Well, I [#####] like you said to do, and that he night called me and left a voicemail saying he'd changed his mind and really wanted to give our relationship another try. I never imagined he would pursue me like that all of a sudden. I followed your instructions in part 4 to the letter and it worked like a charm. Everything was great. You gave me good

advice.”

Jess, Charlotte, North Carolina USA

“My husband and I are back together and no longer separated. We still have a few issues to work out, but your book was a great help when I needed it most. My only regret is that I didn’t find this guide sooner. It would have saved me from 6 months of needless drama.”

Lindsey, Orange County, California

“The four months after I was dumped until I got your guide were the worst of my life. I was a strong, independent woman and yet I turned into mush over a man! You gave me back my power and I’m forever grateful for that. You’re right that getting back my boyfriend was just, in the end, a bonus. What I really got was my control and self-esteem back. I definitely recommend “How to Get a Guy Back” to any woman of any age.”

Rosa, Miami, Florida USA

I like that you didn’t give a bunch of psycho-babble, empty platitudes or abstractions about my "inner child" like a lot of other “get your ex back” books I’ve seen. I was NOT in the mood for that. Instead I can tell you’ve been in the trenches. I like that you’re practical and get to the point. I like that you lay everything out step by step.

My story had a happy ending -- I easily got back together with my boyfriend. And here’s where your course really shines, because I am using your rules for relationships and it’s going differently now. Without you, I would not have been able to handle the new relationship without panicking and losing it again.

Thank you for being an enormous help to me through the darkness. You literally saved my life.

Deborah, Toronto, Ontario Canada

"Hi John,
I am Jenny from Miami and I am 41 years old. I am telling you this maybe b/c you can have that in your record as a person for which your book works. I was trying to get in a male mind. I followed step by step what you said and it works. Your book is very real, an easy way to interpret things out."
