Think very carefully as you answer...

- Are you tired of spending countless hours searching the web for your freediving and Spearfishing answers? Looking for the best mask, fins, Hawaiian sling or speargun?
- Are you an experienced Spearfishing, or Freediving enthusiast, Trying to learn: new hunting techniques, longer breathhold techniques, deeper diving techniques, increased dive times, or improved accuracy?

- Are you tired of *wasting days wading through worthless opinions in forums!*

If you answered "YES" to any of these questions.

The good news is that you are NOT alone...

IT IS URGENT...
THAT YOU JOIN THIS WORLD CLASS
SPEARFISHING AND FREEDIVING WEBSITE
BEFORE YOUR NEXT DIVE

XtremeSpearfishing.com helps its members determine what gear to buy, how to rig their gear once they get it, how to use their gear once they rig it, how to safely practice breathhold freediving, and how to successfully hunt fish. It also provides a private community in which these "spearas" can network with other "spears" both new and veteran to the sport.

Beyond the direct educational benefits, a member has access to dozens of videos from Spearfishing greats in which they can take away priceless tips and skills along with great entertainment.

We have very big name people
involved with the site

Here are some of the frequent contributors:

Mike Hickey -National Champion and 2008 US World Team Member
Harolf Dean - Nationally Ranked and 2008 US World Team Member
Miguel Guinovart (Mojarra) - 2008 US World Team Member
Pippin Ferraras – Freediving World Record Holder

And here are some of the big names
in our videos and other tips:

- **Gavin Smithers**
- **Dimitri Tsentas**
- **Gene Higa**
- **Vernon Takata**
- **Jose' Amengual**
- **Philippe Carrier**
- **Pedro Carbonell**
- **Luc Pillon**
- **Dimitris Kollias**
- **Paulo Pacheco**

THIS IS THE ONLY PLACE ON THE WEB THAT YOU CAN FIND ALL OF THIS EDUCATIONAL AND ENTERTAINING CONTENT, DIRECT ACCESS TO INDUSTRY EXPERTS / PROS, AND PRIVATE FORUMS ALL IN ONE LOCATION.

**“The Ultimate Spearfishing
And Freediving
Source on the Web”**

XtremeSpearfishing.com

Is the ultimate spearfishing source on the web. Inside you will find High Definition video tutorials detailing techniques such as gun rigging, gun loading, band building, band mounting, wishbone replacement, fin blade mounting, reel installation, hunting techniques and more. You will also find a large catalogue of Spearfishing videos from around the world, some of which

have never been seen before, with all the elite athletes of the sport! Top spearos such as Gene Higa “The Man” of Hawaii, multi world record holder Gavin Smithers fishing throughout NSW Australia, Dimitri Tsentas in the deeps of Greece, Two Time World Champion Jose’ Amengual of Spain, World Champion freediver Pipin Ferreras, Three Time World Champion Pedro Carbonell of Spain, Luc Pillon, Philippe Carrier, Dimitris Kollias, Harolf Dean, Paulo Pacheco and many more!

ALONG WITH HD VIDEOS

You will also find numerous written guides educating you on all facets of Spearfishing. From the simple “Basics of Spearfishing”, to in depth equipment buyer’s guides, species specific hunting techniques, gear maintenance guides, shaft and band sizing charts, competitive freediving, band setup analysis, shallow water blackout, ciguatera poisoning, first aid for free divers, improved breathhold skills, and of course more.

WE ALSO HAVE A DIRECT LINK TO INDUSTRY EXPERTS FOR YOU!

If you go to the “ask the experts” section and enter a question, your question will be answered within 24 hrs by one of many industry pros or one of our manufacturer contacts. This alone is an invaluable feature as it eliminates the sketchy answers that you have to wade through for hours on end in most forums just to find an accurate answer/solution to your question.

SPEAKING OF FORUMS

We have a unique idea on these as well. Are you tired of all of the constant nonsense, over moderation, and faceless bashing that is found in the majority of the forums out there today? By only allowing paying members in our forums we have essentially “filtered out” all of this type of behavior. It is no longer possible for people to keep creating new free accounts so that they can hide behind new internet identities every time they destroy the last one by their actions. This forces people to think before they type, and recognize the fact that they will always be tied to their past actions as their past posts will always be tied to their paid account. By having a private membership, our forums are an excellent place for spearos to network worldwide without the nonsense.

WORLDWIDE PUBLICATION LISTINGS

XtremeSpearfishing.com also provides you with worldwide publication listings, including subscription information; worldwide Spearfishing regulation

links; freediving, Spearfishing, competition, and world record photos submitted by spearos world wide; and an ever expanding list of exceptional articles submitted by doctors, world champions, and every day spearos in our "Article" section.

AND LAST BUT NOT LEAST

We do have a few great new sections in the works. First of which is our Speargun Comparison program. Nothing like this exists PERIOD! We have begun cataloging critical details of every speargun being manufactured today and compiled them in a sortable table with user selectable, side by side, gun spec / feature comparisons!! We are very excited about this release and we are positive that it will be one of the most powerful tools available for you when you are making your next gun purchase.

Charter listings w/ customer reviews, a recipe directory, worldwide Spearfishing club directory, live tournament results, and cnet style equipment reviews are all in the pipeline as well.

We have also begun an interview series in which we will be sharing full interviews with Experts and Pros throughout the industry. The first of which is an interview with 2007 National Champion Mike Hickey. And we have several very big names lined up after him.

So whether you are just starting out in Spearfishing, or you are an age old seasoned spearo...
